

AMERICAN STATISTICAL ASSOCIATION

Promoting the
Practice and
Profession
of **Statistics**

A decorative graphic on the left side of the page consists of several overlapping, curved shapes in various shades of green, creating a layered, wave-like effect that tapers towards the right.

AMERICAN STATISTICAL ASSOCIATION
Promoting the Practice and Profession of Statistics®

BIGTENT
statistics + data science

ABOUT THE ASA

Founded in Boston in 1839, the American Statistical Association is the world's largest community of statisticians, the “**Big Tent for Statistics.**” The ASA supports excellence in the development, application, and dissemination of statistical science through **meetings, publications, membership services, education, accreditation, professional development, and advocacy.** Our members serve in industry, government, and academia in more than 90 countries, advancing research and promoting sound statistical practice to inform public policy and improve human welfare.

ORGANIZATIONAL MEMBERSHIPS

To learn more about Academic Institution, Two-Year College, or Corporate memberships, visit www.amstat.org/join.

STUDENT CHAPTERS

The ASA sponsors student chapters to provide students with opportunities to connect with each other and with prominent statisticians and data scientists. Student chapters encourage students to pursue statistics and data science as a career. All students are welcome and encouraged to become involved.

ACCESS ASA COMMUNITIES

As a member, you can access a number of communities.

The **ASA Community** is an online engagement gateway that encourages member-to-member collaboration and connection! It is home to ASA Connect—our open membership forum—as well as online spaces for chapters, sections, and interest groups.

community.amstat.org

ASA Sections and Interest Groups are based on common interests and allow focused interaction related to your statistical specialties.

www.amstat.org/sections

ASA Chapters are regional groups in every state and most major localities.

www.amstat.org/chapters

ASA Outreach Groups provide a community for those with common interests or needs like Statisticians without Borders or isolated statisticians.

www.amstat.org/outreachgroups

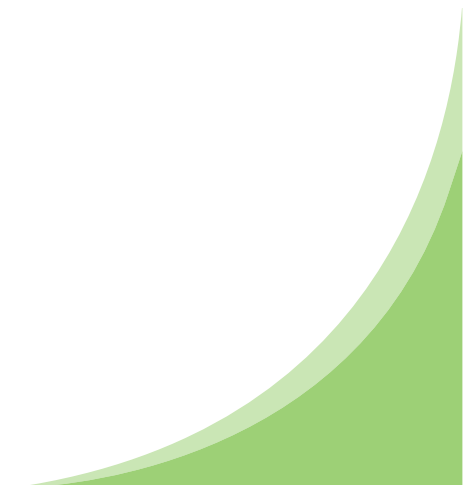

PROFESSIONAL DEVELOPMENT

Professional Development (PD) is the process of improving and broadening the knowledge, skill, and personal qualities needed to be successful in the practice of statistics. The ASA offers courses, workshops, and web-based training.

ACCREDITATION

www.amstat.org/accreditation

The ASA offers its members Professional Statistician (PStat®) and Graduate Statistician (GStat) accreditation.

MEETINGS

www.amstat.org/meetings

JSM

Joint Statistical Meetings

With nearly 7,000 attendees, JSM is the largest gathering of statisticians and data scientists in North America.

CSP

Conference on Statistical Practice

CSP brings together hundreds of statistical practitioners—including data analysts, researchers, and scientists—engaged in the application of statistics on a daily basis.

Women in
Statistics and Data Science

Women in Statistics and Data Science Conference

WSDS is the only conference tailored for women in the fields of statistics and data science. It is geared toward women at all career levels in academia, business, industry, and government.

SDSS

Symposium on Data Science and Statistics

The Symposium on Data Science & Statistics is designed for data scientists, computer scientists, and statisticians analyzing and visualizing complex data.

The ASA sponsors other events of interest to statisticians and data scientists around the United States. Learn more at www.amstat.org/meetings.

OUTREACH, ADVOCACY, AND POLICY

OUTREACH

The ASA raises public and media awareness of statisticians, data scientists, and statistical science's contributions to society.

Thisstatistics.org raises awareness of careers in statistics and promotes a better understanding of the field and the careers available to those who study statistics and data science.

Worldofstatistics.org is a global network of nearly 2,360 organizations worldwide committed to:

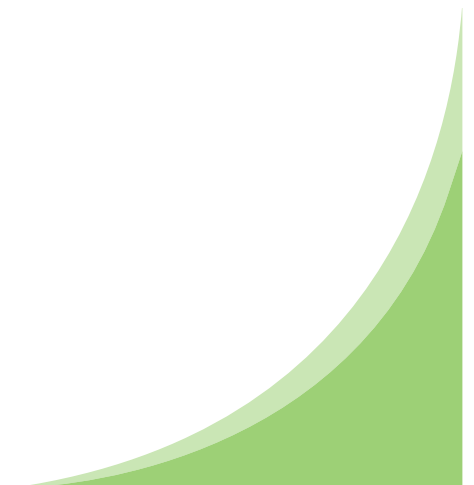

- Increasing public awareness of the power and impact of statistics on all aspects of society
- Nurturing statistics as a profession, especially among the next generation
- Promoting creativity and development

ADVOCACY AND POLICY

www.amstat.org/policy

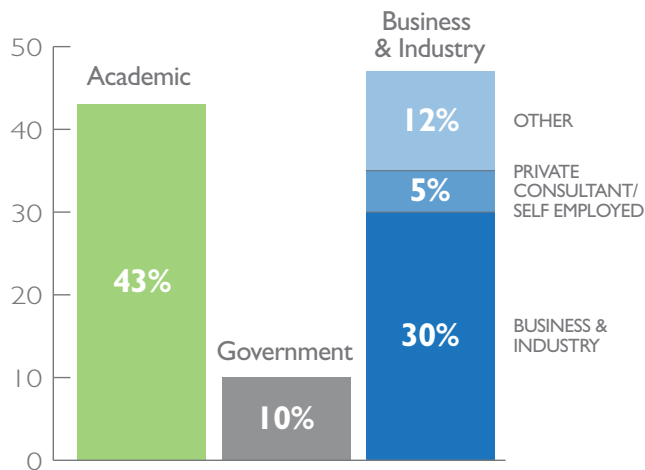

The ASA advances the statistics profession by connecting statisticians to policymakers and making policymakers aware of the expertise and skills statisticians and data scientists bring to the table.
